

As a subscriber to XM satellite radio I oppose the NAB petition 04-160. I want to pay for the news, music, traffic reports that I want to listen to without commercial & political interference. I do not want free commercial radio forced upon me. Please reject NAB petition 04-160. I will contact all of my elected representatives in Texas and ask them to reject 04-160 also.

Thank You,

Bill Krueger
